

Design for the Ages 2021

Exploring the four generations that are currently in the workplace and how their various needs impact design. Gaining an understanding of their differences, what has created these differences, and how technology has impacted each generation specifically.

A focus on Mindfulness in the workplace – what is it and what does it do? Learning how to incorporate mindfulness techniques into office design.

A deep look into the A.R.E. (attract, retain, engage) factor and how good design improves this for companies.

An overview of distributed work environments and the pros and cons.
