INTRODUCING THE **LUCID**  
FLOOR DIVIDER COLLECTION

# LUCID FLOOR DIVIDER COLLECTION

**LUCID is designed for flexible, evolving spaces—bringing the clarity and refinement of the ONE system into open environments.**

The LUCID collection offers a refined approach to space division—balancing openness with purposeful separation. Built using the same materials and profiles as Transwall’s ONE system, LUCID carries the same aesthetic and engineering standards, whether used on its own or as a complement to ONE glass wall systems.

Whether reconfiguring an office, shaping collaborative zones, or defining circulation paths, LUCID adapts effortlessly while maintaining a calm, architectural presence. When nothing ever seems to stay the same, LUCID brings you the kind of versatility that makes change look elegantly easy.

**Agile by nature.  
Elegant by design.**

LUCID floor dividers provide the flexibility today’s spaces demand without sacrificing aesthetic integrity. Easily repositioned and thoughtfully proportioned, LUCID supports evolving layouts while preserving a cohesive design language throughout the environment.

Its minimalist form allows it to complement a wide range of interiors—from modern corporate settings to hospitality and healthcare spaces—without overpowering the room.

### **Standard Selections. Custom Possibilities**

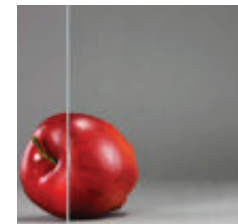

LUCID is available in a curated range of standard finishes and glass options, allowing projects to move forward quickly without compromise. For spaces that call for a more tailored expression, custom configurations expand the collection’s versatility even further. Custom sizes and powder coat colors are available upon request.

### **Standard Options Include:**

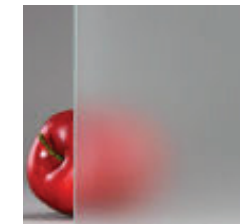

- Tempered Glass available in Clear, Frosted, Smoked, or Fluted options
- Frames available in Matte Millennium Black, Signal White, Champagne Metallic, Silver Metallic, and Medium Bronze Metallic

### **Standard Sizes:**

- 31 1/2” W × 70 3/4” H
