

Transwall ZWR

Design Package

*Moveable walls that open doors
for business flexibility.*

ZWR is a revolutionary moveable wall system that gives your business room to adapt easily and efficiently: low or high ceilings, openness or transparency, private office or conference room..the ZWR components accommodate varying conditions with ease and deconstruct/reconstruct when business change drives the need for workspace change. And within the efficiency of the standard ZWR system, options still abound for fabrics, panel finishes, and doors to create the look that sets you apart.
